

BRIDGE PROFIT

With technology transfer teams under increasing pressure to 'do more for less' and increase the efficiency of intellectual property (IP) commercialisation, Virtual Enterprise Office™ provides tactical, cost-effective IP support as and when it is needed.

VIRTUAL ENTERPRISE OFFICE

Virtual Enterprise Office™ (VEO) is a highly flexible system that allows universities and research establishments to realise the potential of their IP assets. It gives flexible access to any combination of ProspectIP's services and products, which address the identification, evaluation, management and commercialisation of innovations and intellectual property.

VEO offers:

- Access to preferential rates
- Ultimate flexibility, with access to services as and when required
- Simplified invoicing and procurement
- Helps with budgetary management
- Full transparency as each activity is individually quoted and costed
- Service mix selected by the clients

VEO is available based on an annual subscription. The scale of service is based on three levels of service, Gold, Silver and Bronze, which are aimed at research intensive through to research aspiring institutions respectively.

About ProspectIP[®]

ProspectIP is an IP management company, with a range of modular, fixed-fee products that address each of the key stages of the innovation and IP commercialisation process.

Our services help universities to bridge the gap between research and commercialisation and produce valuable income streams from the IP they create.
